The documents I have copies of. All these things make the family picture of yesterday and this is why I enjoy "Family History."

Hope to hear from you soon.
Wynsome.

Dear George.

Thank you for your letter. I look forward to meeting up with you next year. Gwen, Errol & I went to Noble St Church last week to see if it would suit our needs and it passed our inspection. The ladies who showed us over the buildings were very helpful and seemed very willing to co-operate with us.

The buildings are children & wheel chair friendly so we can accommodate all. The date will be 6-4-02. which is the week after Easter.

Your offer of photos is much appreciated. Gwen showed me the photo of Thomas & Mary with family and I got a copy of it from her but the next I would like copies of. Please could you write names & dates ~~of~~ the backs of them for me.
